

# OPIOID

## SETTLEMENT FUNDING PLAN

Awareness Campaign to Reduce  
Opioid Misuse & Disorders

# OVERVIEW

The Town of Miami Lakes has received funding through the Opioid Settlement Agreement to build awareness around opioid abuse and prevention. The funding provides an opportunity for the Town of Miami Lakes to implement effective strategies to prevent opioid abuse, educate residents about the dangers of opioids, and provide access to essential resources and support. By leveraging these funds, the town can allocate resources towards initiatives that promote awareness, prevention, and recovery.

# OBJECTIVES

## **EDUCATIONAL PROGRAMS**

The town will partner with community programs to implement educational workshops and outreach programs to educate residents about opioids, their effects, and prevention strategies. These programs will focus on various age groups, including children, teenagers, and adults.

## **PUBLIC AWARENESS CAMPAIGN**

The town will launch a comprehensive bilingual awareness campaign to create widespread awareness about opioid abuse and its consequences. By leveraging existing federal campaign assets, we can ensure our initiatives align with national guidelines.

## **DISPOSAL PROGRAMS MARKETING**

The town will provide information on safe disposal programs for unused or expired opioid medications. These programs will provide secure locations for residents to drop off prescription medications, reducing the risk of accidental ingestion or misuse.

# EDUCATIONAL PROGRAMS

## POTENTIAL PARTNERS

- **Thriving Minds**  
Thriving Mind South Florida promotes access to effective, accountable and compassionate care for individuals and families in our community with mental illnesses and substance use disorders.
- **Partnership to End Addiction**  
A non-profit organization aiming to prevent the misuse of illegal drugs.
- **Informed Families / The Florida Family Partnership, Inc.**  
An education, training and support center for parents, schools and communities to help raise safe, healthy and drug-free children.

**Budget \$1,250**
